

UMass Chan Worcester Family Medicine Residency

Social equity and inclusion is an important mission of our residency – read [more](#) about the work we are doing with our residency and faculty!

Questions about your application? Please contact Michael Smith, MS, Associate Director of Admissions at Michael.Smith@umassmemorial.org or 508-334-8023.

We only accept applications through the Electronic Residency Application Service (ERAS) and fill PGY-1 positions through the National Resident Matching Program (NRMP) only. Please note that we cannot accept applications sent to us via fax or email!

A complete application file for all LCME and International Medical Graduates must include:

- Completed ERAS Application
- Medical School Transcript indicating medical school graduation within 5 years
- Medical School Dean's letter
- Passing scores on USMLE 1, 2, 2CS, or COMLEX exams ideally by second attempt
- At least 3 recommendation letters from faculty supervisors
- ERAS personal statement

Additional application requirements for International Medical Graduates:

- Valid ECFMG Certificate
- The preferred visa option is J-1.
- Minimum of 6 months of prior U.S. or equivalent clinical experience with significant patient care responsibility to include:
 - Direct patient contact
 - History taking
 - Physical examinations
 - Development of differential diagnoses
 - Identification of relevant clinical findings
 - Problem assessments
 - Formulation of management plans
 - Observerships/externships which do not include the above cannot be accepted

Interview Season 2023-24

For the current recruitment season, UMass Worcester will be offering virtual-only interviews. There will not be any evaluation activities conducted in person. Interviews will begin in late October and run until late January.

We anticipate offering virtual second looks and in-person second looks for those who would like to visit Worcester after our interviews end for the year. Our second looks are not evaluative and will not impact ranking of applicants in any way, although may serve to help the applicant better distinguish between programs.

The Match

Our program is like three residencies in one! Applicants may list one, two, or all three health centers on their match list depending upon personal preference.

Applicants must interview at each health center they intend to rank since each health center constructs its own rank list. The UMass Worcester Family Medicine Residency has three separate match numbers – one for each health center:

**Barre Family Health Center
(Barre)**

3050120C2

**Family Health Center of
Worcester
(Queen Street)**

3050120C1

**Hahnemann Family Health Center
(Lincoln Street)**

3050120C0
