

Objectives for the Post Graduate Certificate Program

Adult-Gerontology Acute Care Nurse Practitioner (AG-ACNP)

Prepares advanced practice nurses to function as Nurse Practitioners for acute and critical care populations. Focuses on direct role component, including assessment, diagnosis, and management and delivery of care to acute and critically ill patients, including the core competencies emphasizing teaching/coaching, consultations and evidence based practice. Provides comprehensive care to the entire spectrum of adults including young adults, adults and other adults. Graduates of this specialty are eligible to take the Adult-Gerontology Acute Care Nurse Practitioner certification examination prepared by an approved national organization as accepted by the Board of Registration in Nursing and to apply to practice in the expanded role in Massachusetts or other states based on regulatory guidelines.

Adult-Gerontology Primary Care Nurse Practitioner (AG-PCNP)

Prepares advanced practice nurses to function as Nurse Practitioners in ambulatory or community-based areas. Provides comprehensive care to the entire spectrum of adults including young adults, adults and older adults. Provides direct health care services incorporating health promotion, health protection, disease prevention and disease management. Graduates of this specialty are eligible to take the Adult-Gerontology Primary Care Nurse Practitioner certification examination prepared by an approved national organization as accepted by the Board of Registration in Nursing and to apply

The purpose:
