

INTERPROFESSIONAL CENTER FOR EXPERIENTIAL LEARNING & SIMULATION

iCELS rubric for educator self-assessment (2023)

Educator name: _____

Background: this self-assessment is developed to align with core roles of an iCELS educator and builds on iCELS QA and DASH documents

Goal: formative, to encourage self-reflection, provide input to help guide educator growth

Instruction: Please reflect on your responsibilities as an educator as listed below, note at least one area of strength and one for practice for each area of skill. In the last column briefly describe a potential approach to addressing the area for practice, this could include resources or collaborative work.

| Skill | Behavior(s) that demonstrate strength | Area(s) for practice | Approach proposed |
|---|---------------------------------------|----------------------|-------------------|
| Case and program development Ability to: | | | |
| support established process, tools and templates | | | |
| utilize established process, tools and templates | | | |
| communicate and otherwise coordinate with program sponsor | | | |

| Skill | Behavior(s) that demonstrate strength | Area(s) for practice | Approach proposed |
|--|---------------------------------------|----------------------|-------------------|
| communicate and | | | |
| otherwise coordinate | | | |
| with iCELS team | | | |
| members | | | |
| Contribute to iCELS | | | |
| educator or facilitator | | | |
| development | | | |
| opportunities | | | |
| Program delivery | | | |
| Ability to: | | | |
| Establish a supportive | | | |
| learning environment | | | |
| incorporating structured | | | |
| prebriefing | | | |
| Maintain an engaging | | | |
| learning environment | | | |
| encouraging participation | | | |
| and discussion | | | |
| Structure debriefing to | | | |
| support psychological | | | |
| safety, identify strengths | | | |
| and address gaps in participant performance | | | |
| Model our iCELS core | | | |
| belief | | | |
