

VALOR Act Academic Credit Evaluation Policy

In accordance with the Valor Act, the University of Massachusetts Medical School evaluates credits earned for military education using the same standards as those applied to coursework from accredited colleges and universities. Multiple methods may be used for evaluating military credits including the ACE Guide to the Evaluation of Educational Experiences in the Armed Services and other methods deemed appropriate by the School of Medicine, Graduate School of Nursing, or Graduate School of Biomedical Sciences. All military transcripts are reviewed for transferability of credit to a student's intended program of study.

VALOR Act Institutional Representatives

The individuals listed below are the University of Massachusetts Medical School designated points of contacts for the VALOR Act Academic Credit Evaluation process.
