

# EpiServer Content Management System

## Symbols for Pages in the Tree Structure

A symbol after the pages in the tree structure clarifies the settings for the page. Using the following symbols you can gain a quick overview of the pages:

A page for published content.

A container page used to store and edit data in the tree structure, not visible on the website.

Page contains changes that have not been published.

Page is ready to publish.

A new page that has been scheduled for publishing, not visible on the website yet.

Page has scheduled publishing where the date and time have passed, not visible on the website.

You do not have access rights to change the page.

Page is not shown in menus.

Page is missing for the current language and will be displayed in another language. If the other language has an icon, it will be used as indication (the Swedish flag is used as an example).

Shortcut to page in EPiServer CMS on this website.

Link to external page on another website.

Fetches data from page in EPiServer CMS.

Page is edited by another user in EPiServer CMS.
