

Central Massachusetts Area Health Education Center, Inc.

Language Link Multilingual Communication Services

ABOUT US

Language Link Multilingual Communication Services is a division of the Central Massachusetts Area Health Education Center, Inc. (CM AHEC). Our mission is to facilitate communication and reduce language barriers.

Our unique translation process ensures accuracy by incorporating a multi-tiered review process. Every translation encompasses the participation of a team including translators, editors, proofreaders, and quality control specialists.

Language Link's multi-cultural project managers deliver culturally and linguistically appropriate materials designed for your specific target audience. Linguistic teams are assigned projects according to their areas of expertise to ensure appropriate terminology and context.

It would be our pleasure to review your project and provide you with a free estimate.

*A part of the MA AHEC Network supported by the
University of Massachusetts Medical School*
