

## UMass Memorial Children's Medical Center & the division of Developmental and Behavioral Pediatrics (DBP)

Early Identification of Autism: training on the RITA-T (Rapid Interactive screening Test for Autism in Toddlers) and setting up a two-level autism screening in your practice/program.

**Learn about the RITA-T and train to reliably administer and integrate it  
your practice or program to improve early identification.**

Session include:

- Early signs of ASD
- Overview & introduction of the RITA-T
- RITA-T models in Early Intervention and Primary Care
- Ongoing Study for Validation of RITA-T through Telehealth
- RITA-T reliability training
- RITA-T kits available for purchase (\$65 for the kit + \$20 shipping = \$85)
- All those who registered will have access to online training, videos, scoring sheets and manual.

**Thursday, December 2,  
2021**

**Zoom Training  
1:00pm - 4:30pm**

**REGISTRATION FEE FOR THE  
TRAINING: \$75**

To pay by Credit Card, [register and pay here](#). There is a small fee to pay  
by credit card
