

FORM GSBS32: REQUEST FOR PARENTAL ACCOMMODATION

Parental Accommodation and Stipend:

We recognize that certain family responsibilities, such as the birth of a child or the care of family members, may require students to take time away from the laboratory. Students can request up to eight weeks of time during which they will remain enrolled, with all the rights and privileges of enrolled students, but are absent from the laboratory in order to attend to unusually demanding family responsibilities. The student will continue to receive a stipend for up to eight weeks, and any unused academic break days. When that time has been used up, the student may opt to initiate a formal, unstipended Leave of Absence. If this occurs, the student will be unable to return from the LOA until the beginning of the next GSBS semester.
