

Holiday Scenarios

Classified or Professional Full/Part Time Employee

Scheduled on the holiday and did not work

Input is not needed

A rule will give HOL* based on the employee's FTE.

For example, an employee that is full time, they would get 8 HOL, an employee that is 50%, they would get 4 HOL.

*HEGOE used for Non-Unit Classified

Not scheduled on the holiday and did not work

Input is not needed

A rule will give HCTES* (Holiday Comp Time Earned Straight) based on the employee's FTE.

For example, an employee that is full time, they would get 8 HCTES, an employee that is 50%, they would get 4 HCTES.

* HCTNW (Holiday Comp Time Earned not worked) for Classified

Classified Employees:

Based on Union eligibility: If the employee does not want the comp time, then you must input HPS (Holiday Paid Straight) with the hours to be paid. Non-Unit Classified would use HPSNW (Holiday Paid Straight Non work)

Scheduled for less than their FTE on the Holiday and did not work

Input is not needed

A rule will give HOL* for the hours they are scheduled, and another rule will give HCTES** for the rest of their holiday benefit. For example, an employee is full time but only scheduled for 4 hours on the holiday, they will get 4 HOL and 4 HCTES. A part time 50% employee scheduled for 3 hours on the holiday, they will get 3 HOL and 1 HCTES.

*HEGOE and **HCTNW used for Non-Unit Classified

Classified Full Time Employee

Not scheduled on the holiday and worked 4 hours
