

## Maintaining Direct Deposit Information

Step	Action
1.	<p>Begin by navigating to the <b>Direct Deposit</b> page.</p> <p>Click the <b>Self Service</b> link.</p> 
2.	Click the <b>Payroll and Compensation</b> link.
3.	Click the <b>Direct Deposit</b> link.
4.	<p>Click the <b>Collapse Menu</b> button.</p> 
5.	Use the <b>Direct Deposit</b> page to view current direct deposit information or to add a new account.
6.	The text on this page provides important information regarding balance account, accuracy, and authorization to retrieve overpayments.
7.	<p>For this example, you are going to add a savings account.</p> <p>Click the <b>Add Account</b> button.</p> 
8.	<p>Use the <b>Add Direct Deposit</b> page to add or change direct deposit information.</p> <p>The text on this page provides important information regarding the pre-notification process.</p>
9.	<p>You must provide the routing and account information from your bank so that your payroll is deposited into the correct account.</p> <p>You can get this information from your personal checks. If you're not sure how to read this information, click the <b>View check example</b> link.</p> 
10.	Use the <b>Check Example</b> page to view where the routing and account numbers appear on your check. The highlighted sections show which part of the numbers are the <b>Routing Number</b> and which are the <b>Account Number</b> .
11.	<p>Click the <b>OK</b> button.</p> 
12.	<p>Enter the desired information into the <b>Routing Number</b> field.</p> <p>Enter a valid value e.g. "<b>011000138</b>".</p>
13.	<p>Enter the desired information into the <b>Account Number</b> field.</p> <p>Enter a valid value e.g. "<b>8444560212</b>".</p>

Step	Action
14.	Use the <b>Account Type</b> field to select the type of account you are adding.  Click the <b>Account Type</b> list. 
15.	For this example, you wish to deposit a percentage to your savings account.  Click the <b>Savings</b> list item. 
16.	Use the <b>Deposit Type</b> field to specify whether you would like to deposit a flat amount, a percentage, or the balance of your pay.  Click the <b>Deposit Type</b> list. 
17.	You can specify a flat amount or a percent. If multiple accounts are used, you can specify to use the balance of the paycheck amount for one of the accounts. For example, you might deposit 10% into a savings account and the balance into a checking account.
18.	For this example, you are going to deposit 10% into a savings account.  Click the <b>Percent</b> list item. 
19.	Enter the desired information into the <b>Amount or Percent</b> field.  Enter a valid value e.g. " <b>10.00</b> ".
20.	Use the <b>Deposit Order</b> field when you are depositing to more than one account. For example, if you're depositing 10% in a savings account and the remaining net pay in a checking account (as in this example), the savings account, which is the first account that money is being deposited into, would have a deposit order of 1, and so on for additional accounts.  <i>Note:</i> Keep in mind that the account to which your remaining pay, or balance, is deposited into is assigned the <b>Deposit Order</b> of 999.
21.	Enter the desired information into the <b>Deposit Order</b> field.  Enter a valid value e.g. "1".
22.	Click the <b>Save</b> button. 
23.	Notice the text on the page indicating that this may not be reflected with your next paycheck.  Click the <b>OK</b> button. 
24.	The account information is now displayed. If you want to view the details of this account in read-only format, you can click the <b>Account Type</b> link.
