# Profiles (Research Networking Software)

Adding Featured SlideShare Presentations to Your Profiles Page

> Note: In order to add a slide show, you will need to have created a slide show presentation in SlideShow; this requires a SlideShow account: http://www.slideshare.net. The basic SlideShow services are of no cost if your shows are public and are less than 100 MB. Please refer to SlideShow website for monthly/annual costs for additional services.
1. Navigate to your Profiles page and click on **Edit This Profile**.

2. Select the Featured Presentations option located under the Category: ORNG Applications.

Category: ORNG Applications	Items	Privacy
Twitter	0 ✳	Public
Featured Presentations	0 ✳	Public
Websites	0 ✳	Public
Featured Videos	0 ✳	Public

3. Click the Add Feature Presentations option

4. Enter your SlideShare account name into the SlideShare Username field; then click on Save/Preview. You will see a preview of your slide presentation below the Username field.

Note: Click on **SlideShare** and to create and account and upload presentations to be included on your Profiles page.

5. You can see the SlideShow features on this screen and they work here and when viewing a profile.

You can page forward and back on a slide show ; view full screen. ; and share by email or other social media options:

6. Remember to select the **Show** button so that others can see the slideshow when they view your profile.

Adding Presentations from Other Authors

7. If you wish to add a SlideShow presentations from another author, go to http://www.slideshow.net and find the presentation that you wish to add.

8. Right click on the author's presentation that you want to add and click on Properties

9. You will see the username in the URL of this presentation. Enter the username into the **SlideShare Username** field and click **Save/Preview**. Again, you should see the presentation in the preview pane.
