FCE DESCRIPTION

Students should be interested in cardiovascular and internal medicine. Depending upon my schedule, they will have different experiences:

- Day 1-exposure to basic/translational research and search of the literature
- Day 2-cardiology grand rounds and one half day of ambulatory clinic
- Day 3-Full day of non-invasive cardiology (stress testing, echocardiography and ECG)

FCE LEARNING OBJECTIVES

- understand how to do a literature search on PubMed
- effectively perform cardiac auscultation
- understand the differences between different types of stress testing
- understand differences between 3 modes of doppler ultrasound
- take a patient history of present illness and preliminary physical exam and present to preceptor within 10-15 minutes

UMMS Competencies	Professional, Scientist, Problem Solver, Person
Interdisciplinary	yes
Evaluation Type	Attendance, Participation
Evaluation Criteria	Clinical Skills, Case Presentation, Journal, Oral Presentation
Evaluation Explanation	Attendance, Enthusiasm, Demonstrate Independence
Prerequisites	none, but students who have completed physical exam and medical clerkship preferred
