---

#### FCE DESCRIPTION

This FCE offers students the opportunity to observe and participate in the delivery of comprehensive primary care. The student will perform comprehensive histories, physicals, and assessments on new patients, will work directly with preceptors monitoring patients with chronic diseases and will evaluate ambulatory patients with common acute problems. Students may also elect to observe and assist in pre-operative assessments, and to observe aspects of administration and research in primary care if desired.

#### FCE LEARNING OBJECTIVES

- to further the understanding of the various opportunities available in primary care
- to continue to develop history-taking and physical exam skills
- to continue to improve on implementing management plans

UMMS Competencies	Professional, Communicator, Problem Solver, Advocate
Inter-professional	No
Interdisciplinary	No
Evaluation Type	Attendance, Effort
Evaluation Criteria	Participation, Clinical Skills
Prerequisites	None
