Support	Esmeralda Valois
Email	Esmeralda.Valois@umassmemorial.org
Phone	508.334.5971
Location	Hahnemann Hospital
Day One Instructions	8:30 am: please report to Esmeralda Valois on the first day of your elective. She is on the fourth floor Hahnemann Campus (take the C elevators to her office)

FCE DESCRIPTION

Student will participate in dermatology outpatient clinics. There is opportunity for shadowing attendings and residents and also evaluating patients on your own. Students should work on perfecting dermatologic morphology, performing complete skin exams, generating differential diagnoses for common and rare skin conditions, and participating in the treatment plan. You will be able to see both shave and punch biopsies and even have a chance to observe some dermatology surgeries and/or laser treatments. The inpatient consult service is a great opportunity as well. We round after clinic every day at University and Memorial Campuses.

FCE LEARNING OBJECTIVES

By the end of this session, students should be able to:

- use accurate derm morphologic terms
- recognize some common dermatologic findings (nevi, psoriasis, atopic dermatitis, non-melanoma skin cancers, acne and more)
- provide some basic advice about sun protection and how to self-evaluate moles

UMMS Competencies	Professional, Scientist, Communicator, Problem Solver
Inter-professional	No
Interdisciplinary	No
Evaluation Type	Attendance, Effort, Participation
Evaluation Criteria	Clinical Skills, Case Presentation
Evaluation Explanation	Student will be evaluated by faculty members whom they have worked with based on their performance and effort in clinic.
Prerequisites	None
