Location Pulmonary 1 and 6ICU
Day One Instructions Check in with Attending on rotation.

FCE DESCRIPTION

The course is one-week introduction to critical care medicine. The sites will be 6ICU on University Campus and CCU on Memorial campus. The trainee will attend core curriculum didactic lectures, attend daily ICU rounds with the team, assist residents, fellows and NP's with daily tasks, participate in the initial evaluation of newly admitted patients, and be present at afternoon sign-out rounds with the team.

FCE LEARNING OBJECTIVES

- Understand and participate in the daily operations of a medical intensive care unit team
- Understand the pathophysiology underlying critical illnesses
- Describe the general approach to an unstable patient
- Understand concepts underlying limitations of care

UMMS Competencies Communicator | Problem Solver | Professional

Evaluation Type Attendance | Participation
Evaluation Explanation: Clinical Skills
