#### FCE DESCRIPTION

In this rotation you will learn how to do a comprehensive diabetic foot exam, do simple treatment of diabetic wounds and learn care for common foot conditions that come in the office.

#### FCE LEARNING OBJECTIVES

You will understand a comprehensive diabetic foot exam, have a basic understanding of wound care and off-loading a diabetic ulcer. Perform debridement of ulcers. I would also like to you do a presentation on a podiatric topic of choice.

UMMS Competencies	Professional
Interprofessional	Podiatry
Evaluation Type	Attendance   Effort   Participation
Evaluation Criteria	Clinical Skills   Case Presentation It will be based on your attendance and participation. I hope you will find it fun and work on a little project for you to learn more.
Prerequisite(s)	Be able to be present in the office and show interest in diabetes. To learn more visit a few online resources I have put together. <a href="http://www.healmyfootwoundfast.com">www.healmyfootwoundfast.com</a> , <a href="http://www.drpelto.com">www.drpelto.com</a> , <a href="http://www.linkedin.com/in/donpelto">http://www.linkedin.com/in/donpelto</a>
