Host Department	Medicine (FCE Program)
Location	Library Classroom
Day One Instructions	Class will meet in Library Classroom from 9a to 12p. Materials will be provided on the first day. Laptops can be used; desktops will be available. Minimum of 2 students required to run section.

FCE DESCRIPTION

This course will provide an overview of the basic principles and best practices for data management, with a focus on data lifecycle planning, security and ethics, organization and documentation, and data sharing. Course will include presentations, readings, and hands-on exercises.

FCE LEARNING OBJECTIVES

By the end of this session, students will understand
- The influence of funders and publishers on the stewardship of research data
- Best practices for managing files with the goals of sharing and publication
- The UMMS IRB process, privacy rules, and the principles behind data security
- The local resources available to them to assist with research projects

UMMS Competencies	Communicator | Professional | Scientist
Evaluation Type	Attendance | Participation | Assigned readings & exercises
Evaluation	Oral Presentation
