Host Department              Medicine

Location                         University Campus

Day One Instructions        Meet with faculty in the hospitalist room on the 6th floor, 6 East, at 8:00 am

---

FCE DESCRIPTION

Medicine consult at university is performed by hospitalists. the goals are identifying unrecognized comorbid disease and risk factors for medical complications of surgery and optimizing the preoperative medical condition. Two common practices are peri operative cardiovascular risk stratification and co-mangement with orthopedic surgery for patietns with hip fracture. Other areas that we also provide consult are : managing anticoagualtion in atrial fibrilation and mechanical heart valves.

FCE LEARNING OBJECTIVES

- Describe the basic rules and techniques to an effective medicine consult
- Understand and name stepwise approach to perioperative cardiovascular risk stratification
- Understand and explain the mechanic of medicine and orthopedic co-management in managing orthopedic surgery patients

UMMS Competencies        Professional | Scientist | Communicator | Problem Solver | Advocate | Person

Evaluation Type              Attendance | Effort | Participation |  
 Evaluation                      Clinical Skills | Case Presentation | Journal | Oral Presentation
