| Day One Instructions | Please contact Dr. Wicky Van Doyer 1- 2 weeks in advance for your day-day schedule |

FCE DESCRIPTION

Student will spend time in various subspecialties within the radiology department (interventional radiology, mammography, interventional neuroradiology) with emphasis on learning about procedures and interventions performed by radiologists.

FCE LEARNING OBJECTIVES

By the end of the session the student should be able to:

- describe the roles and responsibilities of radiologists in various subspecialties
- name and describe common procedures and interventions performed by radiologists
- understand and explain the indications for patients to undergo these procedures and interventions
