Hearts Across UMass
Help fold and collect 1000 origami hearts for hope and strength
Friday 5/1/2020 1-1:30 pm
Join our iCELS and OUME team as SPs sing, sim staff teach life-saving skills and the OUME leads you in folding origami hearts. Hearts will be collected, strung and displayed across our community when we return to campus.
Incentives

Dr. Fischer will donate $50 for the first 30 people and another $1 per person who joins this session as well as matching up to $250 of individual donations at this time! A separate donation will be made to the Worcester County Food Bank based on the number of people who donate their origami hearts.
Items Needed

Square paper -- any size, color, or type that can be folded! 6x6 is a good basic size, but you can also start with an 8.5x11 page and make it into a square to start. Have a pen handy if you want to decorate or write a message on the heart.
