## **Regional Campus Housing**

For all students interested in the **LEAD@Lahey** or **PURCH** programs:

PLEASE be aware that you will be <u>required to commute to your regional campus</u> in the Discovery Phase of the curriculum at least weekly. You will be required to provide your own transportation.

PLEASE be aware that you will be <u>required to attend your Exploration Phase at your regional campus</u>. Exploration Phase starts in mid-March of your MS2 year. You will be responsible for your own housing for your clerkships. Where you choose to live is your choice. Several options other students have used are:

- 1. Live in the Worcester area for all of MS1 year, then move in March of MS2 year THIS WOULD REQUIRE A SHORT LEASE\* in MS2 Year.
  - \*Options in Worcester for short leases can be found here: Rental Listings 196 Rentals | Zillow
- 2. Move to your regional campus at the start of MS2 year and commute to Worcester for required sessions between August and March.
- 3. Live in the Worcester area for 2 years and commute to your regional campus for the start of Exploration Phase.
- 4. Live in neither the Worcester area or Regional Campus area, but likely somewhere in between.

We want you to be able to choose where you want to live; this is a clear communication that <u>you will be</u> <u>responsible for your own housing</u> and that <u>your Exploration phase will start at your regional campus in mid-March.</u>
